The information contained in this handbook has been carefully prepared and presented so that it will be of great value in helping you understand the policies and procedures of our school. The ultimate purpose of education is to help each student become an effective citizen in a democracy. To develop and accept the responsibilities and obligations of good citizenship will help us to participate successfully in the world of tomorrow. While increasing your knowledge and developing your skills, your major responsibility will be to respect your fellow students, teachers, and staff members. They in return should respect you. No individual at B-R has the right or privilege to infringe on or deny the right of another individual. We hope that you will participate in our varied activities and find those things within our school, which will prepare you to live a better life. Remember that your success in school will be directly proportional to your efforts.

Long-term illness, family tragedy, etc. will be noted exceptions and the principal may grant an extension. 100% is the highest possible grade a student can earn on their report card.

##### Grade Point Average (GPA)

To be inducted, all students must also perform at least 60 hours of documented community service per year, half of which must be outside of the school day. In accordance with the principles of NHS, they must also demonstrate good character: (Suspension from school, two major referrals, confession to or conviction of a

drug or alcohol infraction or other law infractions not including a traffic ticket would cause a student to be prohibited from membership for the school year in which the infraction occurred.)

#### SEMESTER TESTS

Semester tests will be given in each class grades 7 -12. All semester tests will account for 10% of the semester grade. These tests are used to approximate the level of success a student has had in achieving the course objectives. Semester Tests will be given the last week of each semester.

#### PROMOTION

Promotion to the next grade will be determined each spring. A middle school student must be passing a minimum of 3 out of the 5 basic classes/ during the year (average from both semesters) and attempting to do well in other classes to be promoted to the next grade level. Teachers will make recommendations and the principal will determine if promotion will take place.

#### PARENT-TEACHER CONFERENCES

Arrangements may be made to confer with teachers, in advance, for either before school or immediately after school. Times are set-aside in the spring and fall for conferences.

#### REGISTRATION

The students, along with their parents, will pre-register for classes each spring so that student interests can be surveyed. A schedule will be developed and the students will register using the new schedule. Students can change classes after registering, but it must be done before the semester begins.

#### TEACHER QUALIFICATIONS

Parents may request from the administration to know the qualifications of their student's teachers.

#### SCHOOL ORGANIZATIONS

##### SCHOOL CLUBS

Any organization sanctioned by the school will have a code of by-laws (constitution), elected officers and operate on accepted rules of order. Any funds collected or generated must be entrusted to an activity account for safekeeping. The student treasurer, sponsor and the office secretary will keep a running balance so that no one individual will be wholly responsible. Activity Account receipts and disbursements for each month are available in the office and in the staff workroom.

#### ACTIVITIES

All activities will have written rules and procedures set by the sponsor and approved by the administration. Awards will be granted to participants according to regulations set forth by the coaches, sponsors, and the Club Constitution's.

#### ACTIVITY BUS

Students involved in activities must ride the activity bus if they want to participate at away contests. They may ride home with their parent upon administrative and sponsor approval.

Students wishing to ride the activity bus must sign in and pay the cost of admission. Students will be allowed on the bus on a "first pay, first ride" basis. Money will not be refunded.

4

#### PRACTICE BUS

Students must ride the practice bus to Rosalie or Lyons after school. In some situations, students may be allowed to drive with prior administrative approval.

#### AFTER SCHOOL BUS/VAN

After school bus/van will leave Bancroft at 4:15 daily, unless otherwise noted in the announcements. It will only be for students who had to stay after school or for students who were getting help in one of their classes. All passengers in school vans must wear a seat belt.

#### SCHOOL PUBLICATIONS

It is not the school's intent to defame, degrade, or injure students or patrons. School publications will operate with this in mind. The administration should have the publication two days before it is to be printed. The sponsor will be notified of a decision to screen material within two school days if an item is to be considered for editing.

#### FIELD TRIPS

During the course of the year, opportunities arise for classes to go on field trips that enhance concepts and ideas presented in the regular curriculum. This is an important part of learning and is encouraged.

#### GIFT EXCHANGES

Gift exchanges are not allowed at school.

#### STUDENT DANCES

Periodically the students, organizations, and classes will schedule dances. The dances are not to interfere with other school or community activities. The dances will dismiss before or at 12:00 a.m. on Friday or Saturday night. There must be 2 school sponsors present at all school dances.

Once a student leaves a dance, the student will not be permitted to re-enter.

A student whose date does not attend Bancroft-Rosalie must register in the principal's office before the dance. The B-R student who brings an "outside" date is responsible for their conduct.

Middle school dances are usually closed to all but current Bancroft-Rosalie middle school students.

#### DRUG-ALCOHOL POLICY

Students found guilty of illegal possession or use of alcohol, drugs, synthetic drugs & inhalants, drug paraphernalia or tobacco; through the courts, witnessed use by a teacher, or confessed use by that student will result in the student being suspended for a minimum of two activities on the first offense. Any subsequent offense will result in a seasonal suspension. (Under this policy coaches and activity sponsors still have the authority to impose stricter training rules for their area(s)).

For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect.

Suspensions - Each student will be insured of Due Process. Due Process consists of the following steps:

1. Inform the student of the rule and the possible penalties.
2. If there is an alleged violation, tell the student what they are accused of doing and the evidence against them (notice).
3. Allow the student and their parents an opportunity to explain their version of the facts (hearing).
4. Explain and impose the penalty.
5. Give the student an opportunity for an appeal. Students should be notified of the rules and possible penalties in their activity guidelines. When an alleged violation occurs, the sponsor must give the students notice and give a written report to the Principal. The Principal will set up a hearing with himself, the sponsor, the students, and the parents and rule on the situation. An appeal can be made within three days of the ruling to the Superintendent.

## ELIGIBILITY

Students must be present for six periods of school, they can miss 2 full periods during the middle of the day or a time equivalency of 100 minutes to be eligible to participate in a practice session, game or extra

5

curricular event that night unless special arrangements are made with the administration in advance.

Arrangements must be made before 8:00 am. On a regular school day students must be in school by 10:00 AM and cannot leave before 2:00 PM to meet the above criteria.

To be eligible for extra curricular events or contests, the student must be passing six of the classes of which they are enrolled. Students cannot have a flunking grade in the same class for three consecutive weeks. If they do they will be ineligible until they are passing that class. Teachers will update all grades for students (7-12) by 8:15 on every Tuesday. After the second week of each semester if a student is not passing six of their classes they will be put on probation for their first offense, (students will get one probationary week each semester) after that they will be ineligible for all activities the following week. Eligibility will run from Monday to Monday. Students must meet the eligibility status to participate in any activities or contests. Parents will receive a letter from the school when their child is ineligible which will inform them of the classes and grades that their child is down in. The letter will also include the date of the week when they will be ineligible.

The policy is not constructed to unnecessarily punish any student. The school is first of all an academic institution. To be eligible to compete in extra-curricular events sponsored by the school, the student must first meet the academic requirements. All other eligibility policies as stated by the Nebraska Activities Association must be in compliance. Students not passing four classes for the semester will be ineligible for the succeeding semester.

## STUDENT RECORDS

Sec. 79-4, 158. SCHOOL BOARD; BOARD OF EDUCATION; OFFICIAL POLICY RESPECTING PERSONNEL FILES AND STUDENT RECORDS; RULES AND REGULATIONS;

of each school district shall adopt and publish an official policy respecting personnel files and student records, which policy shall not conflict in any manner with rules and regulations of the State Records Administrator adopted pursuant to section 84-1201 to 84-1220, Reissue Revised Statutes of Nebraska, 1943. (Laws 1973)

A cumulative record will be kept for each student in Bancroft-Rosalie Community School which will include such information as: test scores, school marks, health records, work experience, high school activities, and any other information that will be meaningful. I.E.P. records are kept in a separate file.

This information will be available to the counselor and to the teachers so that each may better understand the student. NO information will be provided other school systems, agencies, prospective employers, or institutions of higher learning unless a release form for the same has been signed by the parents or a student (18 years old).(Transcripts)

The counselor will supply an official transcript of grades from the permanent record of pupils transferring to

another school or seeking admission into college upon written request.

The transcript will be sent directly to the receiving school or college. Pupils who are 18 or have graduated or their parents or guardian may review and challenge the pupils records according to law.

The No Child Left Behind Act of 2001 gives parents the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Bancroft-Rosalie will give parents the following information about their child's classroom teacher:

(1) Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.

(2) Whether the teacher is teaching under an emergency or provisional teaching certificate.

(3) The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree. We will also, upon request, tell parents whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Bancroft-Rosalie will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by, a teacher who does not meet the requirements of the Act.

The No Child Left Behind Act of 2001 requires Bancroft-Rosalie to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Bancroft-Rosalie not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. Bancroft-Rosalie will comply with any such request.

The Family Educational Rights and Privacy Act (FERPA), a Federal law requires that Bancroft-Rosalie, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Bancroft-Rosalie may disclose appropriately designated directory information without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow Bancroft-Rosalie School to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs and Sports activity sheets, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require public schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories-names, addresses and telephone listings - unless parents have advised the public school that they do not want their student's information disclosed without their prior written consent. If you do not want Bancroft-Rosalie to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by the end of the first week of the semester, or for new students, within the first week of enrollment. Bancroft Rosalie School has designated the following information as directory information:

- Student's name
- Grade level

- Photograph
- Major field of study
- Participation in officially recognized activities and sports
- Date and place of birth
- Dates of attendance

7

- Address Weight and height of members of athletic teams
- Telephone listing Degrees, honors, and awards received
- Electronic mail listing the most recent educational agency or institution attended

#### ATTENDANCE POLICY

##### ACCUMULATED ABSENCES:

The office will record daily absences. Teachers will record attendance for each class period. After the seventh absence from a class during a semester for any reason the student will be assigned to 9th period each time that class is missed. 9th period will consist of fifteen minutes of make-up time for the time missed from school. This can be done before school, after school, or at a time that both parties agree to. Example - A student misses eight days of school first semester. Two hours of 9th period will be assigned because 8 class periods have been missed. Doctor's excuses will not waive this procedure.

After the 10th absence from a class during a semester for any reason the student will lose partial credit for the class. Parents may request a waiver from the Board of Education at the January Bd. meeting for 1st semester credit and the June Bd. meeting for 2nd semester credit. The following is a list of the credits a student may lose for excessive absences: 10 absences - 1 credit, 15 absences - 2 credits, 20 absences - 3 credits, 25 absences - 4 credits, 30 absences - 5 credits. A student must be present for all 8 periods, otherwise they could be considered absent for a half-day. Students are given a half day absent for missing 1-4 periods.

##### PROCEDURE FOR REPORTING

Regular attendance is a necessity for complete learning to take place. There are various classroom experiences that can never be "made up". Regular attendance helps a student develop a responsibility and maturity that are needed in a post high school setting.

Procedure:

1. It is the parent's responsibility to report the absence of their son or daughter to the school between 8:00 and 9:30 a.m. The parent should call each day of the absence.
2. If no call is received from the parent, the school may attempt to contact the parent to verify the absence.
3. Regardless of the type of absence (excused or unexcused), the student must report to the office upon returning to school with a signed note stating specific circumstances of the absence. A class admit slip will be issued that will be signed by every teacher whose class was missed. A list of students absent will be posted in the office.

##### EXCUSED ABSENCE:

1. Excused absences include: illness, family emergency, planned family trips (work to be made up in advance or during the absence and handed in upon returning), or necessary medical or legal appointments that cannot be scheduled outside of the regular school day. Trips to daytime school activities during school hours by students who are not authorized participants are not considered excused absences. Students may be excused to work at home or take care of family business with parental permission. Students may attend state competitions as spectators with their parents as long as the absences are pre-arranged and all of the students work is made up before the absence.
2. Absences are excused providing that the parent and school make contact as outlined in. "Procedures" stated above
3. An excused absence allows the student to make up work missed during the absence. One day will be allowed for each day of excused absence in order that make-up work may be completed. Make-up tests or quizzes will be done after school when possible.

4. Excessive absences due to illness will require certification from the professional in charge of treatment. Students absent three or more days may request the office to collect assignments to be sent home or picked up.

8

5. For any absence it is the responsibility of the student to contact the necessary teachers to determine what make-up work needs to be completed for proper credit.

#### UNEXCUSED ABSENCE

1. If a student leaves the building for any reason without checking out in the office, the student will receive an unexcused absence, and may receive further discipline. There is no exception to this situation.
2. If a student fails to report to class and remains in the building without proper authorization, the student will receive an unexcused absence.

Students with unexcused absence are required to obtain a class admit slip from the office. Teachers are required to sign all admit slips.

#### ACTION TO BE TAKEN FOR UNEXCUSED ABSENCES:

For every class missed by an unexcused absence, the student will make-up 15 minutes of time and all work missed.

Out-of-school suspensions are considered unexcused absences. Students are expected to make up work missed or stay after school and complete it upon their return.

In-school suspensions will be considered excused absences providing that all work assigned at the beginning of the suspension period is completed by the end of the suspension period, or at the deadline directed by the teacher. If the work is not completed, then the absences will be considered unexcused for grading purposes.

#### TARDIES

##### TARDY TO SCHOOL

All students late to school must check in at the office and get an admit slip. Students habitually arriving late will not be allowed to disrupt classes in progress and unexcused absences for that class will result. After the 5<sup>th</sup> unexcused tardy during the semester the student will receive a referral and have to stay after for 30 minutes.

Excused tardies are Doctor or Dental appointments or for students attending funerals and they must be prearranged. A parent excusing a student to sleep in is not considered an excused tardy. Students coming in late for other reasons will count as an unexcused tardy and after the 5<sup>th</sup> one during the semester will be required to stay 30 minutes after school that day.

##### TARDY TO CLASS

Students are responsible for getting to class on time. The only valid excuse for a tardy is one issued by the instructor whose activity caused the student to be late. Do not go to the office for a tardy slip except in an emergency situation. Your previous instructor is the only one who can issue the tardy slip.

#### PASSES

Students are not to be out of their classrooms without a pass from their teacher. Restroom and office passes are to be issued only during the last five minutes of class. Students may not have a pass to other classrooms unless it is prearranged.

#### ADMISSION

Transfers: All transfer students shall be admitted into the system upon the approval of records from their previous school, current physical and health immunization records.

### WITHDRAWALS FROM SCHOOL

When a student withdraws from school, for any reason, he should first furnish a written statement from his parents giving the reason for withdrawing. This statement should be given to the

9

principal. All of the withdrawing student's teachers must indicate to the office that all books and materials belonging to the school have been checked in. In addition, the student must check with the office and library to make certain that all fines and/or fees have been paid and their record is currently clear.

### GUIDANCE

Counseling services at Bancroft-Rosalie Community High School are provided for the benefit of each individual. The services attempt to help the students to understand themselves better and to ascertain their strengths and weaknesses.

Services available through the counselor's office are:

1. An interpretation of all tests taken by the student to the student and his parents.
2. The administration of any special tests the student may need.
3. Vocational counseling.
4. College choice information.
5. Personal counseling
6. Registration and programming.

Counseling services are available to all students as the schedule of the student and counselor permits. The student, parent, or teacher may initiate counseling services. When the student feels the need to talk with someone about a problem, they may come to the counselor's office and ask to be scheduled at a time convenient to the student and the counselor and a pass will be issued. All conferences are to be pre-arranged through the counselor if they are going to miss class time.

Scholarship information, job opportunities, transcripts and grades will be handled through the counselor.

### COLLEGE VISITATION

Senior students will be permitted two days for college visitation during the school year. All work must be made up and a pre-excused absence slip turned into the office before you go or the absence will count as an unexcused one. The counselor will coordinate your visit with college personnel- (make contact with the post secondary institution & their personnel to make up the arrangements necessary.)

### COLLEGE REPS

Students must sign-up to meet with college representatives. The sign-up sheets will be obtained from the counselor's office. Sign-up sheets will be turned into the office the morning the college rep. is coming, and students will be listed in the bulletin. This is open to juniors and seniors only.

### HEALTH SERVICES

Students are to report all injuries to the office immediately. A school nurse will give each student an eye, ear, scoliosis, etc. every year.

#### 1) Immunization - Physical Exam

According to state law all students in Grades K-12 must be immunized. Protection against the following diseases is required: a) Diphtheria, Tetanus, and Pertussis (whooping cough); b) Polio, c) Measles/Rubella; and d) Mumps. Also, all Kindergarten, seventh grade, and transfer students must have a current physical form (within the last 6 months).

### INJURY

Report any injury to the office or the Nurse immediately. Have someone go with you to the office or restroom, do not go by yourself, you may further injure yourself.

### Medications in School

See Form on page 25 on Guidelines for Dispensing Medication During School Hours

10

### STUDENT INSURANCE

The school itself does not cover students in event of injury. Athletes may purchase insurance made available as a service of the school to help pay the cost of covered football injuries. There will also be insurance offered to the students for school-time, 24-hour accident and 24-hour dental accident plans.

### WEATHER & EARLY DISMISSAL -- Bad Weather

The superintendent will cancel, postpone, or have late starting school days. This information will be routed to local radio stations. School cancellation information can be heard on KFAB, Sioux City radio and T.V. stations, and KWPN A.M. 84 radio station in West Point. **Parents are encouraged to sign up for REMIND alerts and updates from the school at**

<https://www.remind.com/join/bancroft>

Any days missed during the school year due to the weather or state tournaments will be added on at the end.

### FIRE AND TORNADO DRILLS

The school is required by law to have drills. Designated areas and passageways are devised for the students and posted in the rooms. Teachers will describe the procedure for their room to their classes.

### SCHOOL PROPERTY

#### ELEVATOR

The elevator is reserved for students with handicapping conditions only. Students found using it will be subject to disciplinary measures. Staff members for moving things may also use it.

### TEXTBOOKS

It is the responsibility of each student to care for their textbooks so they may be kept in the best possible condition. Students may be assessed fines for damaged or lost textbooks or other materials. Please be sure your name is on the book in case the book is misplaced.

### INTERNET/COMPUTERS/CALCULATORS

Bancroft-Rosalie feels that Computers play a major role in your education here at our school. Their use in education is very important and emphasized throughout our curriculum, however we do not allow students to use the school's computers for playing games. Students will not be allowed to install and play games off their own discs. Students will be allowed to use the Educational programs that are installed on the Computer's Hard Drive by the school. Any student caught playing games on the computers or a calculator will be subject to disciplinary actions. Computers coming in from outside the school cannot hook onto the School's Network without Administrative approval.

The use of the Internet/Computers is a privilege, not a right, and inappropriate use of them will result in cancellation of that privilege. The Administration will deem what is inappropriate and their decision is final. The Bancroft-Rosalie School District reserves all rights to any material stored in files and will remove any material which the Bancroft-Rosalie Staff, at their sole discretion, believe may be unlawful, obscene, pornographic, abusive, or otherwise objectionable. Users will not use the Bancroft-Rosalie School supplied computer account to obtain, view, download or otherwise gain access to such materials.

### LOCKERS

Students will be assigned lockers the first day of school, students grades 10-12 will be on the top level and students in grades 7-9 will be on the lower level. No students are allowed to change

lockers without the approval of the principal. Periodic inspection of lockers may occur to retrieve over-due or "lost" articles. The lockers are school property and may be inspected by the principal at any time. Stickers will not be allowed on your lockers. If you want to put a combination padlock on your locker see Mr. Sjuts.

11

Students will not be allowed to carry their books or personal belongings in a book bag or sports bag from class to class during the school day. Such disciplinary action, therefore, will be made in accordance with the following procedures:

#### **I. Definitions:**

Superintendent means Superintendent or his lawful designee. Principal means Principal or his lawful designee.

## **II. Right to Notice:**

It shall be the duty of the Superintendent to provide clear notice to each student and his or her parent or guardian of all rules and standards concerning student conduct that have been established or which will be established and promulgated by the Board of education. The Superintendent shall also be responsible for posting in a conspicuous place within each school building during the school year such rules or standards, such changes shall not take effect until the Superintendent has made a reasonable effort to distribute the text of such changes to each student and his or her parent or guardian. Such rules or standards which form the basis for discipline shall be distributed to each student and his or her parent or guardian at the beginning of each school year.

## **III. Informal Conferences:**

Before any student is excluded, suspended, expelled, or mandatorily reassigned for a violation of the districts code of student conduct, such student will attend an informal conference with the Principal. During this conference, the Principal will inform the student orally or in writing of the charges against them, including an explanation of the evidence relating to such charges. If the student denies or disputes the charges he/she will be given the opportunity to give his/her version of the events relating to the charge.

## **IV. Short Term Suspension**

### **A. Informal Conference**

Before deciding whether a student should be subjected to a short term suspension, the Principal shall hold an informal conference with the student, at which the student shall be confronted with the charges, and be provided with an explanation of the charge or charges if requested. The student shall also be provided an opportunity to present his or her version of the facts relating to the charge. The Principal will decide whether the charges against the student are substantially true and whether suspension is necessary; (1) to help any student, (2) to further school purposes, or (3) to prevent an interference with school purposes. If the Principal decided that the student engaged in the conduct as charged, the Principal will impose the appropriate disciplinary action.

### **B. Development of Guidelines.**

It shall be the policy of the District to direct the Superintendent to develop and adopt guidelines to be used in determining whether and to what extent a student who is suspended pursuant to this policy may be given an opportunity to complete any class work, including but not limited to examinations missed during the period suspension. The Superintendent shall take into consideration such things as, but not limited to, what impact the lack of opportunity to complete class work and examinations would have on the student's ability to timely graduate, obtain full credit in any course, and whether the disciplinary action would unduly diminish or exaggerate the seriousness of the offense or cause any other educational relevant outcome. Such guidelines as the Superintendent may develop shall be provided to the student and parent or guardian at or prior to the time of suspension.

### **C. Written Notice**

When a student is suspended, the Principal shall send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard, and the reason for the suspension. The Principal shall provide the student and the student's parent or guardian with the school district's guidelines regarding the student's opportunity to complete any class work missed during the period of suspension. The Principal

shall make a reasonable effort to hold a conference with the student's parent or guardian before or at the time the student returns to school.

## **V. Long Term Suspension, Expulsion, and Mandatory Reassignment**

### **A. Written Charge and Written Notice**

If, after the initial conference between the Principal and the student, the Principal decides that long term suspension, expulsion or mandatory reassignment is appropriate, on the date of that decision, the Principal shall file a written charge and a summary of the evidence supporting the charge with the Superintendent. Within two (2) days of the decision, the School shall send written notice by Registered Mail or Certified Mail to the student and the student's parent or guardian informing them of their rights under the Student Discipline Act. The written notice shall include the rule or standard of conduct with which the student is charged of violating, a summary of the evidence to be presented against the student, and both the penalty which the Principal has recommended in the charge and any other penalty to which the student may be subjected. The written notice shall inform the student and the student's parent or guardian that they are entitled to a hearing, upon request, before long term suspension, expulsion, or mandatory reassignment for disciplinary purposes can be invoked. Written notice shall also contain a description of the hearing procedures provided by the Student Discipline Act and the procedures for appealing any decisions rendered at such a hearing. The written notice shall also inform the student and the student's parent or guardian that the Principal, the Legal Counsel for the school, the student, the student's parent, or the student's representative or guardian shall have the right to examine the student's academic and disciplinary records and any affidavits to be used at the hearing, any written statements pertaining to the matter if the school has such statements, and to know the identity of the witnesses which will appear at the hearing and the substance of anticipated testimony from such witnesses. Finally, the written notice shall include a form on which the student, or the student's parent or guardian may request a hearing.

### **B. Hearing Procedures for Hearing Requested Within Five (5) Days.**

#### **(1) Scheduling of the Hearing.**

If the student or the student's parent or guardian requests a hearing within five (5) days after receipt of the written notice, the Superintendent shall appoint a Hearing Examiner who shall, within two (2) days after being appointed, give written notice to the Principal, the student, and the student's parent or guardian of the time and place of the hearing. The hearing shall be scheduled within five (5) days after it is requested, but the Hearing Examiner for good cause may postpone it. Unless all the parties consent in writing, no hearing shall be held upon less than two (2) school days actual notice to the Principal, the student and the student's parent or guardian.

#### **(2) Single Hearing for Multiple Students**

When more than one student is charged with violating the same rule and they are charged with acting in concert and if the facts appear to the hearing officer to be substantially the same, a single hearing may be held for such students as a group, if the hearing examiner believes that a single hearing will not prejudice any of the students. If during the pending of the hearing, the examiner finds that a student will be substantially prejudiced by a group hearing, the hearing examiner may order a separate hearing for that student.

#### **(3) Hearing Procedures**

During the hearing, the student and the student's parent or guardian will have the opportunity to present the student's side of the case and to call and question witnesses. NO long term suspension, expulsion, or mandatory reassignment hearing will be held unless it is attended by the hearing examiner, the student, the student's parent or guardian, the student's representative, if any, and legal counsel as defined in 79-4,187 R.R.S. 1943, if the Hearing Examiner or Superintendent deems it advisable. Witnesses shall be present only while they are giving testimony. The Hearing Examiner may exclude the student at times when the student's psychological evaluation or emotional problems are being discussed and may exclude anyone from the hearing when his or her actions substantially disrupt an orderly hearing. The student may speak in his or her own defense and may be questioned on his or her testimony, but he or

she may choose not to testify and in such case, shall not be threatened with punishment or be later punished for refusal to testify. During the hearing, the Principal shall present to the hearing examiner the student's records, and statements, in affidavit form, of any person having

18

information about the students conduct. However, the hearing examiner will not accept such records and statements unless they had been made available to the student or the student's parent, guardian, or representative prior to the hearing. Nothing in this section shall be deemed to supplant any other procedures required by law or board policy. Such explanation and interpretation as desired by the hearing officer pertaining to student records shall be made prior to or at the hearing by appropriate school personnel.

#### (4) Long Term Suspension, Expulsion, or Mandatory Reassignment.

The hearing officer shall make reasonable efforts to compel the attendance of any witness requested by the student, the student's parent or guardian, or the student's representative. The hearing officer may invoke the subpoena procedures of the district and shall in his or her sole discretion issue a subpoena in the name of the Board of Education upon reasonable advance request in writing by the student, parent, guardian, or representative seeking the assistance of the hearing officer in obtaining the attendance of a witness or witnesses.

#### (5) Hearing Examiner's Report and Superintendent's Determination

After the hearing is concluded, the hearing examiner shall within a reasonable time prepare a report of his or her findings with a recommendation of the action to be taken and the reasons for the recommendations of that particular action. The hearing examiner's recommendation may range from no action, through the entire field of counseling, to long term suspension, expulsion, or mandatory reassignment. The Superintendent shall review the examiner's report and may change, revoke, or impose the sanction recommended by the hearing examiner as long as the Superintendent does not impose a sanction more severe than that recommended by the hearing examiner. Written notice of the findings and recommendations of the hearing examiner and the determination of the Superintendent shall be made by Certified or Registered mail or by personal delivery to the student of the student's parent or guardian and upon receipt of such written notice, the determination of the Superintendent shall take effect immediately.

#### (6) Appeal of the Superintendent's Determination

The student or the student's parent or guardian may appeal the Superintendent's determination to the School Board by a written request filed with the Secretary of the Board or with the Superintendent within seven (7) days of their receipt of the written notice of the Superintendent's determination. If such a hearing is requested, it will be held within a period of ten (10) school days after such request unless the time for hearing is changed by mutual agreement of the student and Superintendent. The appeal hearing may be held before a committee of the School Board as long as at least three members are present. After examining the record, and is necessary, taking new evidence, the deliberating body may alter the Superintendents disposition of the case if it finds the decision to be too severe, but may not impose a more severe sanction. If the appeal is heard by a committee of the Board as prescribed by 79-4199 R.R.S., such committee shall make a recommendation to the School Board which shall at its first regular meeting next following the hearing before the committee consider the committee's recommendation and take such action as the Board may elect, as provided. However, that action may not impose a more severe sanction than that recommended by the Superintendent. Nothing in this policy shall be construed to require a committee of the Board to receive any new evidence unless the failure to do so would in the judgment of the Board or the committee as applicable cause substantial unfairness in the proceedings. Personally delivering or mailing by Certified Mail a copy of the deliberating body's decision to the student and the student's parent or guardian shall evidence final action of the Board.

#### C. Hearing Procedures For Hearing Requested After Five (5) Days but Within Thirty (30) Days.

If the student or the student's parent or guardian requests a hearing more than five (5) school days but not more than thirty (30) calendar days following actual receipt of written notice, the hearing shall be held, but

the imposed punishment shall continue in effect pending final determination, subject to the exceptions provided in the immediately following subsection.

## 19

### **VI. Immediate Removal by the Principal**

The Principal may suspend a student immediately, regardless of the fact that a hearing was requested within five (5) days of notice of expulsion or long-term suspension by the school, if the Principal determines that such immediate suspension is necessary to prevent or substantially reduce the risk of;

- (a) Interference with an educational function or school purpose, or
- (b) (b) personal injury to the students, other students, school employees, or school volunteers. Although the preferable practice is that the Principal make such determination in writing, nothing in this policy shall so require. If no hearing is requested, the immediate suspension will continue until the date the long-term suspension, expulsion, or mandatory reassignment takes effect. If a hearing is requested, the suspension will continue until the date the hearing examiner files the report of his or her findings with the Superintendent, if the principal has made a determination as above described.

### **VII. Maximum Length of Expulsion**

#### **A. In General.**

Except as herein otherwise provided, the expulsion of a student shall be for a period not to exceed the remainder of the semester in which the expulsion took effect. However, if the misconduct occurred within ten (10) school days prior to the end of the first semester, the expulsion may remain in effect through the second semester. If the misconduct occurred within ten (10) school days prior to the end of the second semester, the expulsion may remain in effect for summer school and for the first semester of the following year.

#### **B. Expulsion For Causing Personal Injury or For Possessing A Dangerous Weapon.**

If a student is expelled for the use of force, or causing or attempting to cause personal injury to another individual, or for knowingly and intentionally possessing or transmitting a firearm or a dangerous weapon, the expulsion shall be for a period not to exceed the remainder of the school year in which it took effect if the misconduct occurs during the first semester. If the expulsion takes place during the second semester, the expulsion shall remain in effect for summer school and shall remain in effect for the first semester of the following school year.

#### **C. Automatic Review of Expulsions Which continue During The First Semester of the Following Year.**

Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review and shall be reviewed by the Hearing Examiner before the beginning of the school year. The review shall take place after the Hearing Examiner has given notice of the review to the student and the student's parent or guardian. The review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. If there is no such evidence the Hearing Examiner need not provide a hearing in order to complete his or her review. The Hearing Examiner may make a recommendation that the student be readmitted for the upcoming school year. The student may be readmitted by action of the Superintendent unless the School Board took final action to expel the student. Under such circumstances, the student may be readmitted only by action of the board.

### **VII. Suspension of the Enforcement of Expulsion.**

Once the student has been expelled, the school district may suspend the enforcement of such expulsion as long as such suspension does not extend beyond the end of the full semester after the semester in which the expulsion took effect. During the period of time that the expulsion is suspended, the school district may assign the student to a school, class, or program which it deems appropriate for rehabilitation of the student. This district is by this policy herewith authorized to join together with another district or districts as the Superintendent may decide in providing such rehabilitation. This district may, by agreement with another district, send its suspended or expelled students to any school, class, or program operating in the other district. The rehabilitation program if offered may be a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on the job trainee, or as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue

academic work for credit towards graduation. If, at the end of the period of suspension of enforcement, the student has satisfactorily participated in the rehabilitation program, the district shall permit the student to return to the school of former attendance or to attend other programs offered by the district.

20

However, if the student's conduct has been unsatisfactory, the district shall enforce the expulsion action. If the student is reinstated, the district by its superintendent may also take action to expunge the record of the expulsion action. Nothing in this section shall be construed to require the District or the Administration to suspend the enforcement of any expulsion nor to require the District to enter into any contract or other arrangement with another school district or districts to provide any programs as are described in this section of the policy.

#### **IX. Reports To Law Enforcement.**

In the event that the Principal knows or suspects that a violation of the Nebraska Criminal Code has been violated on school property or off school property at a school function, and when such act consists of any unlawful acts described in 79-4,180, the principal shall notify the county sheriff or local law enforcement authorities, as appropriate. Before making such a report, the principal shall undertake reasonable efforts to ascertain the truth or falsity of any event upon which the making of a report to law enforcement would be based. Nothing in this section shall be construed to require the reporting of any law violation by the principal except if the criminal act to be reported occurred on the school grounds of the district or during an education function or event in which the district is involved, but off school grounds.

#### **X. Release to Peace Officer:**

Consistent with any other lawful policy of the district, when a principal or other school official releases a minor student to a sheriff, coroner, jailer, marshal, police officer, or state highway patrol officer, or any other person with similar authority to make arrests, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to such officer. ### **Current Nit and Lice Protocol for Bancroft-Rosalie School**

- If any student is found to have nits or live lice, they are sent home for treatment.
- Upon returning to school, after treatment, they are checked for 5 consecutive days, preferably before they go to the classroom for the day. If they are found to still have nits or live lice, they are sent back home.
- After found to be nit and lice free for five consecutive days, they are checked a week later, and then another week after that.
- Essentially, the student is followed closely for a total of three weeks from the time they were noted to have nits or lice.
- Some students who are not nit and lice free for five consecutive days are restarted at day one after they have been sent back home for any treatment of the nits or live lice. So this makes some student s being followed closely for more than three weeks.
- Parents or Care givers are given information on what lice are, what they look like, what nits are and what they look like. They are given information for treatment of the hair issues. They are also given information on aiding in getting rid of the lice issues in the home. They have the opportunity to see what actual lice and nits look like as the school nurse has some taped to a piece of paper in the nurse office.
